# Windows 7 ®2009-2020

When Microsoft released Windows 7 in 2009, it was preceded by Windows Vista. Windows 7 is operating system of Microsoft. Most peoples are using Windows 7 than any other operating systems.

Microsoft Windows has a features of Windows Defender, Action Center, Taskbar, Internet Explorer 8 (later now is 11), web thumbnails and more.

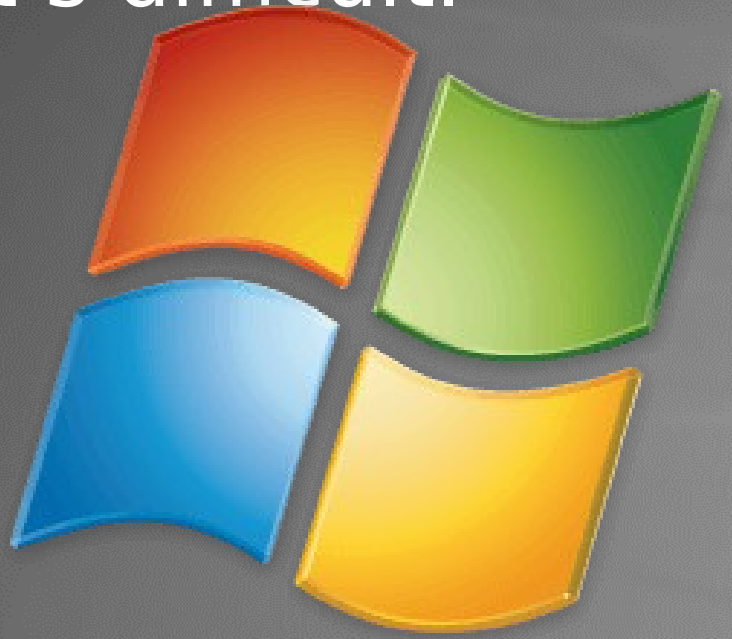
Features

Security

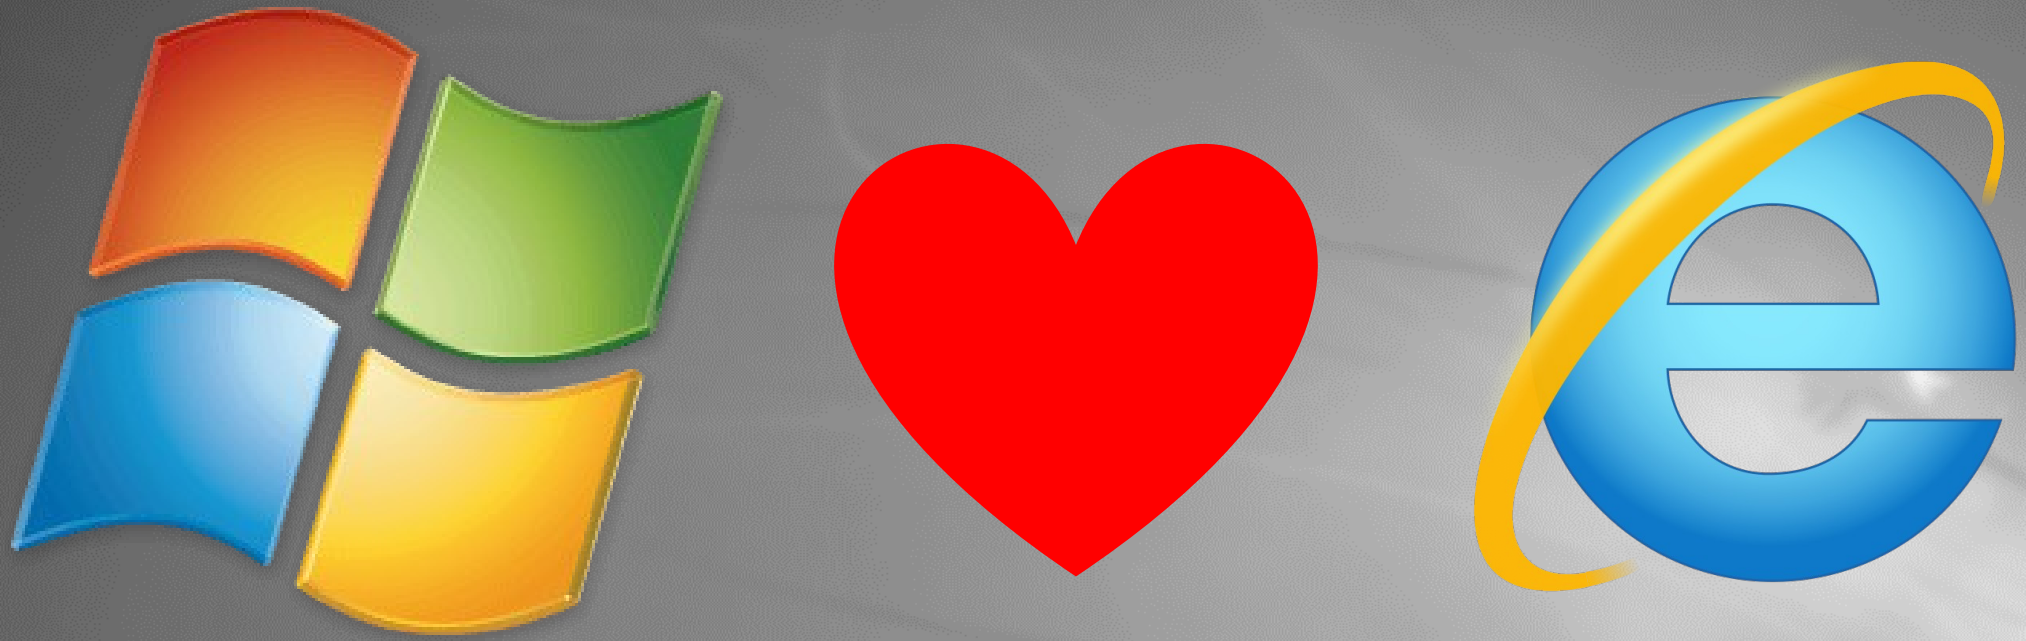
Editions

Support

When Microsoft released Office 2010 in 2010, then Office 2010 has programs, new view beautiful and more. It was preceded by Office 2007 looks like same, but it’s difficult.



In 2011, Microsoft released Internet Explorer 9 and preceded by Internet Explorer 8 (the old one).



In 2012, Microsoft released Windows 8 and succeeded by Windows 7, but Windows 7 users still use Windows 7, but new peoples wants to buy Windows 8.

In 2011, Microsoft released Windows 7 for Service Pack 1. In 2013, Microsoft ended support of Windows 7 without Service Pack 1. They need to update Windows 7 for Service Pack 1.

Service Pack 1

# In 2013, Windows 8.1 released by Microsoft, it was succeeded by Windows 8.

Service Pack 1

Windows 8.1

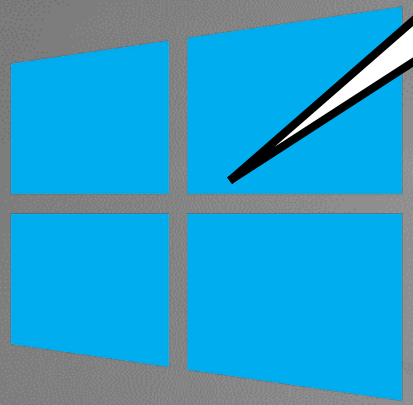
# In 2014, Windows XP end of support in April 8 2014.

Service Pack 1

Oh, Windows XP is end of support now.

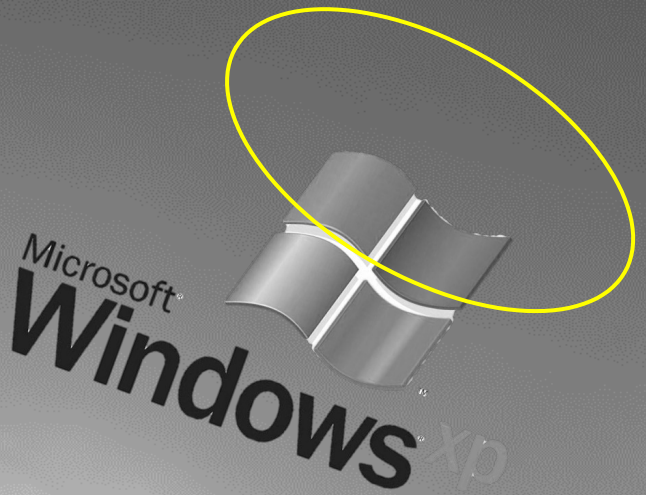
Sad...

Yeah, poor Windows XP. At least Windows XP users upgraded



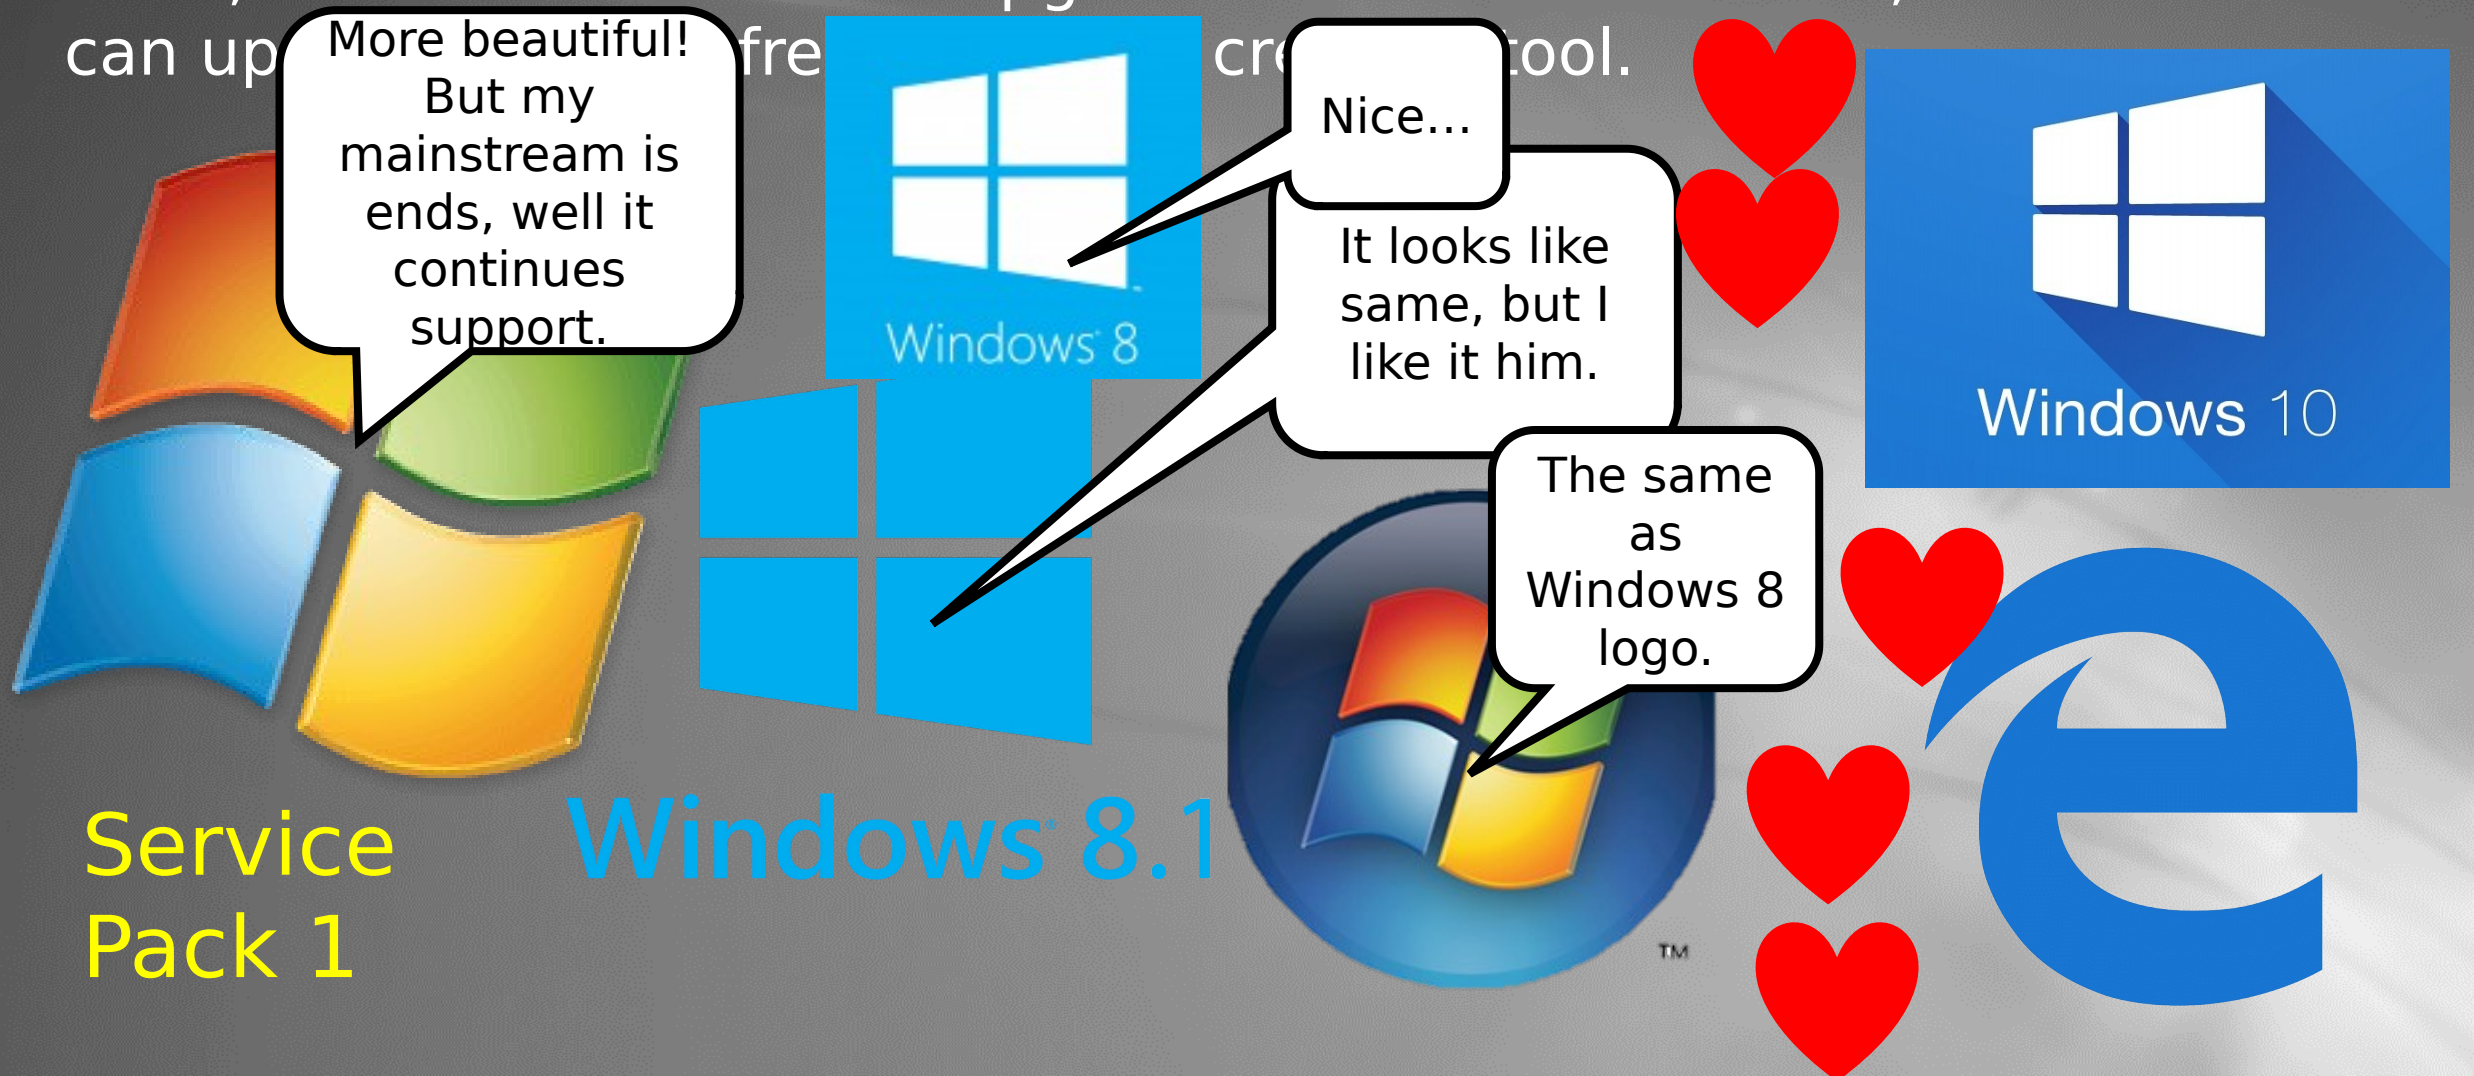
Windows 8.1

Sadly and poor.



R.I.P WINDOWS XP 2001-2014

In 2015, Windows 10 released by Microsoft. There's new features, including new browser called Microsoft Edge and more. Windows 7 Mainstream ended. Windows 10 allows users to upgrade Windows 10, but 2016, Windows 10 disables upgrade Windows 10 for free, but additional can up fre cr ool.



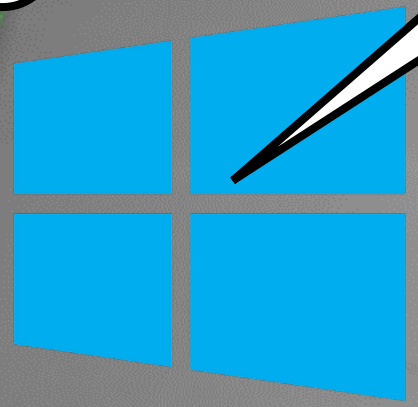
More beautiful! But my mainstream is ends, well it continues support.
Windows 8
Nice...
It looks like same, but I like it him.
Windows 10
The same as Windows 8 logo.
Service Pack 1
Windows 8.1

# In 2016, Windows 8 is unsupported as end of support

Sorry, Windows 8.

Well, goodbye Windows 8, sad...

Yeah, because I am released in 2013, after Windows 8 released in 2018.



Service Pack 1

Windows 8.1

I agree.

Goodbye myself.

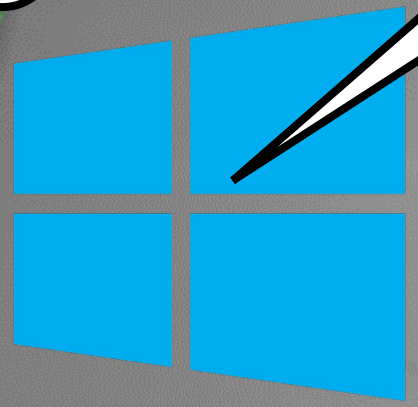
R.I.P WINDOWS 8
2012-2016

# In 2017, Windows Vista is end of support.

Service Pack 1

Windows Vista, goodbye and I love you much.

Windows Vista… we love you and your favourite saying “WoW!”



Windows 8.1

Yeah, goodbye Windows Vista and I love you.

Well… goodbye.

R.I.P WINDOWS VISTA 2006-2017

# In 2019, Microsoft reminds Windows 7 beginning end of support to upgrade Windows 10.

Oh, dear… my operating system starts end to me.

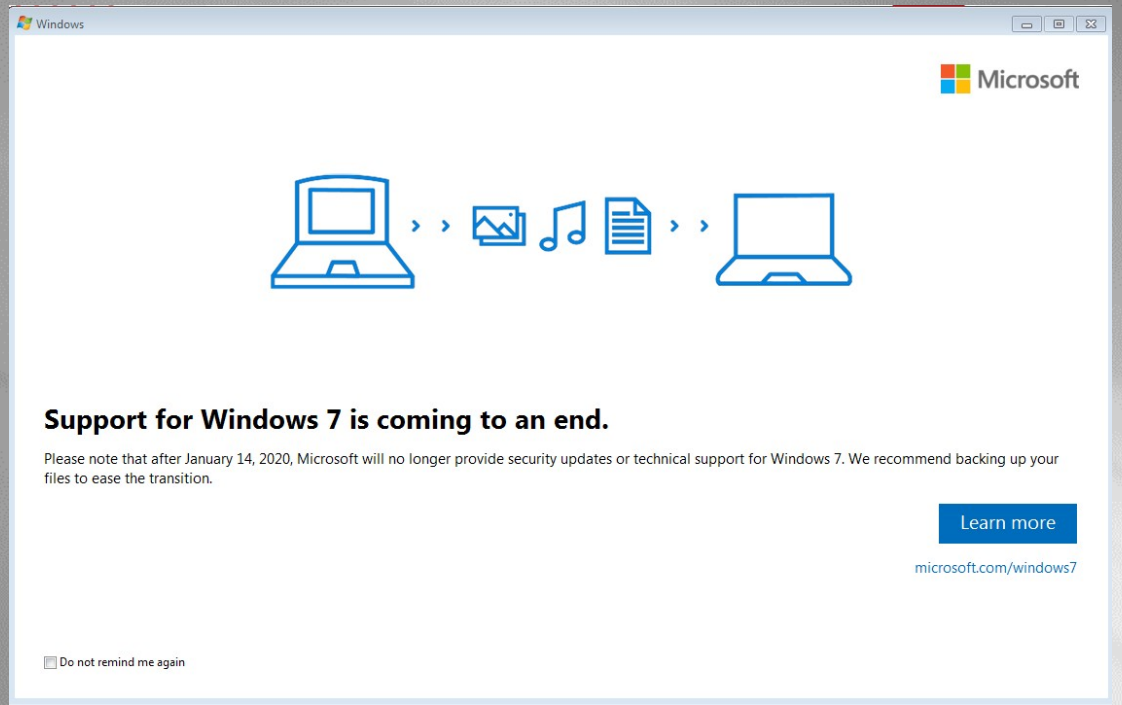
Service Pack 1

Windows 8.1

And Microsoft reminds that Windows 7 is going away.

Windows 10

Wow, you're too old. I guess, you're beginning to end Windows 7.



Windows
Microsoft
Support for Windows 7 is coming to an end.
Please note that after January 14, 2020, Microsoft will no longer provide security updates or technical support for Windows 7. We recommend backing up your files to ease the transition.

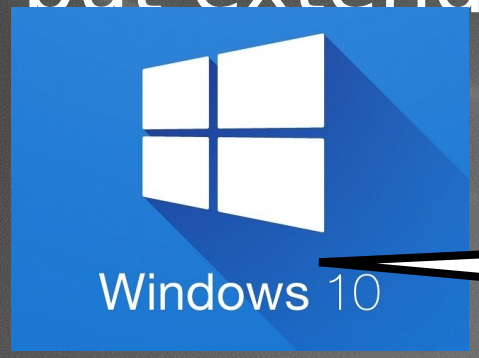
Do not remind me again

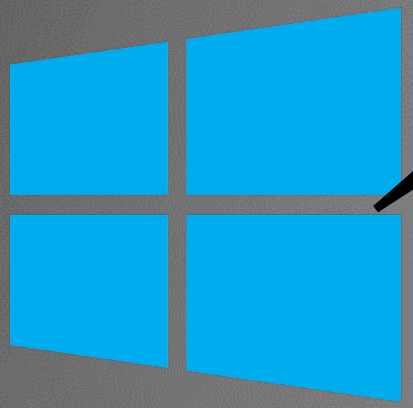
# In 2020, Windows 7 is end of support with Service Pack 1, but extended support continues with Microsoft.



Oh, great, Windows 7 is going away, we're are both today continuously. Also it will continue you, Windows 7.

We love you so much. But Microsoft will continue yours.

At least, I will continue with extended support for Pros and Enterprises editions. Rest in Peace Service Pack 1.



Windows 8.1

~~Service Pack 1~~

Extended support
